STOCK MARKET

New York, May 1.—Opening—Further success of the Allied forces and the favorable quarterly statement of the United States Steel Co. imparted a strong tone to stocks at the opening of today's market. Steel's first offering consisted of 5,000 shares at \$5 1/2 to \$6, an extreme gain of 1 3/8 points. Bethlehem Steel, Superior Steel, Republic Iron, American and Baldwin Locomotives, American Car, American Can, Central Leather, Distillers and Atlantic Gulf embraced the other strong industrials and specialties, but railroads made only slight response.

Noon.—The usual realizing for profit resulted from the first advance, leaders yielding large fractions. Prices steadied again on renewed buying of United States Steel and other active industrials and equipments, some of which increased their first gain. Offsetting features included Utah Copper, Industrial Alcohol, American Tobacco and Brooklyn Transit, which were under pressure at average recessions of a point. Trading became quiet at noon when another moderate reaction occurred. Liberty 3 1/2 sold at \$9.66 to \$9.10, the first 4s at \$6.70 to \$6.75 and the second 4s at \$6.74 to \$6.82.

304TH TO HAVE THREE DAYS OF ROUGH TRAINING

Camp Devens, Ayer, Mass., May 1.—The 304th Regiment of Infantry, "Connecticut Own," left camp this morning at 9 o'clock and will be gone until next Saturday. The men will pitch camp near Still River, in Lancaster, about eight miles from the cantonment.

Leaving under Col. J. S. Herron, commanding officer of the regiment, they hiked out by way of Harvard. On arriving at Still River they will pitch their "pup tents" in which they will sleep on the three nights out of camp.

Every member of the regiment except those needed for guard or other necessary duty at the camp will be taken along on the maneuvers. All kinds of infantry maneuvers will be engaged in while the regiment is encamped, and every part of personal or other equipment will be taken along. Members of the individual schools will be sent back to camp for attendance at the schools and then report back to the camping grounds.

In like manner the guard will be changed. The men who have been left on guard at the camp will be relieved by others who will be sent from the camping grounds. The regiment has been engaged in maneuvers out of camp for some time now. Today's maneuvers will take the men from camp for a long stay for the first time since they have been in the service.

The men of this regiment have the making of wonderful fighters according to officers of the regiment and it has been said by them that they would not exchange their men for any others. Many of them taken from the factories of Connecticut have not had the "book learning" of some of the men here. But they are a hardy, determined lot of men, who, when it comes to real battle will fight with all the doggedness, skill and determination—as real Americans. In fact great things are expected from this Connecticut regiment when it gets into real action.

ASKS \$5,000 FOR INJURIES GIVEN DURING ASSAULT

Disagreement over chickens, which strayed from the premises of the owner, Ruth Miller, upon the premises of Louis DeMerari, has brought both into the Superior Court where a suit of \$5,000 claimed by Mrs. Miller, is being tried before Judge John J. Kellogg and a jury.

Mrs. Miller alleges that Dec. 17, 1916, following a disagreement over the chickens, DeMerari assaulted her, threw her down, inflicted serious injuries upon her, beat her with his fists, and otherwise maltreated her. She was confined to a hospital for some time, gave premature birth to a child as a consequence of her treatment, and believes she is entitled to the sum asked.

Mrs. Miller described at some length the argument and following assault, and the injuries she received. The defense is a general denial of the allegations made by Mrs. Miller. The case will take the entire court day, and may last into tomorrow.

THE WEATHER

New Haven, May 1.—For Bridgeport and vicinity: Fair tonight and Thursday; cooler to-night.

Connecticut: Generally fair tonight and Thursday; cooler to-night with probably heavy frost if the weather clears; moderate northwest winds, becoming variable Thursday.

The disturbance that was centered over Ontario yesterday morning moved southeastward across New England and is now central near Boston. It caused general rains during the last 24 hours in the eastern portion of the lake region and along the coast from Virginia to Maine. Pleasant weather with low temperature prevails in the western and central districts. Light frosts were reported as far south as Oklahoma. Freezing temperatures were reported from Michigan.

Conditions favor for this vicinity fair weather with lower temperature.

By adding a little kerosene to the water, nickel plating will polish brightly.

FORECLOSURE SUITS IN SUPERIOR COURT

Foreclosure upon property in New Canaan is asked in an action filed in the Superior Court by Isaac Liebson for damages of \$1,000. Moskowitz was alighting from a trolley car at State and Seely street on the day in question, and was struck by the automobile driven by Liebson, knocked down, shoulder wrenched, knees cut, and otherwise hurt. He was laid up for several weeks.

SEEKS TO CLEAR PROPERTY TITLE

Action to clear title to the property at Main and John streets has been filed in the Superior Court by Thomas L. Watson against Otto L. Schofield and others. The complaint is a voluminous one, and the title of the property is traced back to 1860, to the estate of David B. Nichols, who died in that year, leaving a trust fund for benefit of the children of Georgiana Buckingham, a daughter. Carolina Buckingham deeded the property in question to Schofield, and the court is asked to confirm this deed, to clear the title from imperfections which have been disclosed, and to declare the plaintiff the owner of the property.

It is denied that a dozen Congressmen were "gassed" at yesterday's session, as they were only asleep.

CLEMENCEAU IS CONFIDENT HUNS ARE NOW HALTED

Paris, May 1.—Premier Clemenceau, just returned from the front, entered the lobby of the chamber of deputies for a few minutes yesterday and to a crowd of deputies explained the situation and it is understood, declared he was satisfied fully with the trend of events.

What the premier told the deputies was of a confidential nature, but it may be said that he declared the front as a whole now has become stable and that steps taken by the high command justify the opinion that points against which the enemy has directed his attacks are out of immediate danger.
